Inter-institutional agreement from 2016/2017 to 2020/2021 between programme countries

[Minimum requirements]

The institutions named below agree to cooperate for the exchange of students and/or staff in the context of the Erasmus+ programme. They commit to respect the quality requirements of the Erasmus Charter for Higher Education in all aspects related to the organisation and management of the mobility, in particular the recognition of the credits awarded to students by the partner institution.

B. Mobility numbers per academic year

The number of students each institution will send may by no means exceed the number of students mentioned in this agreement. More specifically shorter periods of stay do not allow for the sending of more students, i.e. on an exchange of 1 student for 10 months, a partner cannot send 2 students for 5 months, not even if their stay covers different semesters. Each party will take this into consideration when organizing students selection.

Termination and modification of the agreement

In case of changes, the partners can amend the agreement (part B) and/or the attached info sheet data, which form an integral part of the agreement, at one academic year written notice, by sending an email to the institutional contact listed in part A. This means that a unilateral decision to modify the agreement must be notified to the other party by 1 September 20XX but it will only take effect as of 1 September 20XX+1. Only in case of change of part B the drawing up/stipulation of a new agreement is required.

The agreement may be terminated by either side at one academic year written notice by sending an email to the institutional contact listed in part A. This means that a unilateral decision to discontinue the exchanges must be notified to the other party by 1 September 20XX but it will only take effect as of 1 September 20XX+1.

The participants already nominated by their home university at the date of notice shall be permitted to complete the program.

Neither the European Commission nor the National Agencies can be held responsible in case of a conflict.

The effective implementation of this agreement is subject to the award of the Erasmus University Charter to each of the participating institutions. Failure to secure a valid Charter by one or both institutions shall result in automatic termination of the agreement.

The University of Bologna is organized on a multicampus structure. Courses and research activities are held in 5 cities: Bologna (the main campus), Cesena, Forlì, Ravenna and Rimini.

Students need to pay attention to the campus which they have been nominated for, since Campus changes will be only exceptionally allowed, and only for verified academic needs .

The four cities are well connected to Bologna by train, but we warmly recommend students to find accommodation in the city where their campus is located.

Once students have received the confirmation of their registration by our offices, they can contact the following email addresses for general information about their stay:
